

THE SONG OF THE NUMBERS

Characters: Teacher Sara, children: Andrea, Martina, Federico, Anna, Simone and Chiara.

Teacher: Hi children, today we drew, colored and now we count to ten.

Andrea: Teacher Sara, can I try?

Teacher: All right Andrea, let me hear a little.

Andrea: So... one, two, three, four, five, seven, nine and ten!

Teacher: Wait, wait, let's repeat them all together, calmly.

All: One, two, three, four, five, six, seven, eight, nine and ten.

Teacher: Now let's play a game. Let's associate the number with something, I'll give an example: one, like the nose.
Who can tell me what we can associate with number two?

Martina: Two, like our eyes!

Teacher: Very good Martina, and number three?

Federico: Three, is the number of little pigs who in a fairy tale lived in the woods and had built three houses to keep the wolf from entering.

Anna: They say three is the perfect number!

Teacher: Well done! And number four?

Andrea: Four is the grade my brother gets when he's not studying!

Teacher: I don't think it always takes four... so... four is the number of seasons: spring, summer, autumn and winter, five?

Simone: Easy, five is the number of fingers on the hand.

Teacher: Perfect Simone and could you also tell me the name of the fingers?

Simone: Thumb, forefinger, middle finger mmm... ah yes, ring and little fingers!

Teacher: Wow great! Now it's number six.

Chiara: Six is the number nine turned upside down, with the belly down.

Teacher: Good, this was really difficult, and the seven?

Anna: Seven, like the days of the week.

Teacher: Ok Anna, let's repeat them together: Monday, Tuesday, Wednesday, Thursday, Friday and Saturday.
Now there is eight, can anyone think of anything to associate with this number?

Simone: Mmm... mmm... maybe I know... the seven dwarfs with Biancaneve... they are eight in all!

Teacher: Nice find Simone, you were very clever! And the nine?

Martina: Simple, the nine is an upside down six, with the belly up!

Teacher: All right, all right, now I'll say the tenth.
Ten is the best vote you can give and that's what I'm giving
you today because you did very well.
Now let's sing together "The song of the numbers" ready?

CANZONE: THE SONG OF THE NUMBERS

One two three, come and play with me
(Uno due tre, vieni a giocare con me)

four five six, touch your head and knees
(quattro cinque sei, tocca la testa e le ginocchia)

seven eight nine, I'm sure you'll be fine
(sette otto nove, sono sicuro starai bene)

and at the end there's ten, let's sing the song again.
(e alla fine c'è il dieci, cantiamo ancora la canzone).

This is the song of the numbers
(Questa è la canzone dei numeri)

one two three four five six
(uno due tre quattro cinque sei)
seven eight nine and finally ten.
sette otto nove e infine il dieci.

One two three, I'm happy you are with me
(Uno due tre, sono felice che sei con me)

four five six, we play hide and seek
(quattro cinque sei, noi giochiamo a nascondino)

seven eight nine, we always have nice time
(sette otto nove, passiamo dei bei momenti)

and at the end there's ten, let's sing the song again.
(e alla fine c'è il dieci, cantiamo ancora la canzone).

This is the song of the numbers... (2 volte)

THE SONG OF THE NUMBERS

COME AND PLAY WITH ME

TOUCH YOUR HEAD AND KNEES

I'M SURE YOU'LL BE FINE

AND AT THE END THERE'S

TEN

LET'S SING THE SONG AGAIN

THIS IS THE SONG OF THE NUMBERS

ONE TWO THREE FOUR FIVE SIX

SEVEN EIGHT NINE AND FINALLY

I'M HAPPY YOU ARE WITH ME

WE PLAY HIDE AND SEEK

WE ALWAYS HAVE NICE TIME

AND AT THE END THERE'S

TEN

LET'S SING THE SONG AGAIN

THIS IS THE SONG OF THE NUMBERS

ONE TWO THREE FOUR FIVE SIX

SEVEN EIGHT NINE AND FINALLY
